## ABOUT US...

The Warren County Drug Task Force is a multi-jurisdictional unit specializing in the investigation of drug trafficking, prescription drug diversion, money laundering and other drug related crimes. Our area of operation is all of Warren County and the City of Wilmington in Clinton County.

The Warren County Drug Task Force is an initiative of the Ohio High Intensity Drug Trafficking Area (HIDTA), based in Cleveland, Ohio. The HIDTA program provides assistance to local, state and federal law enforcement agencies operating in areas identified as critical drug trafficking regions across the nation. HIDTA assistance is granted through the Executive Office of the President of the United States, Office of Drug Control Policy. The Warren County Drug Task Force has been a HIDTA Initiative since 2004.

As a result of the HIDTA program, the Warren County Drug Task Force includes multiple local, state and federal law enforcement agencies, combining resources and working together toward a common goal which allows us to operate more efficiently. This allows us to target larger criminal organizations, some stretching to our southern-most borders of the United States and beyond. This collaboration of resources results in a better coordinated effort to address all levels of drug trafficking and abuse, with a concentrated effort toward mid to upper-level offenders.

The Warren County Drug Task Force provides specialized drug enforcement services including a team of detectives & agents with advanced training in covert law enforcement operations. This team uses a variety of techniques and tactics to target those involved in drug trafficking activities in our community. Also serving our jurisdiction is a full-time detective specializing in the investigation of prescription drug diversion crimes.

We continue our highway interdiction efforts with the assistance of our Ohio State Highway Patrol partners who provide a uniformed interdiction team with K9's to our task force. This highly trained team aggressively patrols the roadways of Warren County and southwest Ohio focusing on bulk shipments of illegal drugs in transit from various source cities across the United States. This team also provides consistent support to task force operations, as plain clothes investigations oftentimes move rapidly from jurisdiction to jurisdiction.

Enforcement and Investigative Operations are supported by a Criminal Intelligence Analyst provided by the Ohio National Guard Counter Drug Unit, and an Investigative Assistant from the Warren County Sheriff's Office. These support personnel provide ongoing assistance to investigators and are valued members of our unit.

## POLICY BOARD

The Warren County Drug Task Force is governed by a controlling authority known as the Policy Board. Our Policy Board currently consists of the Warren County Sheriff, Warren and Clinton County Prosecutor's, Carlisle Police Department, Clearcreek Township Police Department, Franklin Police Department, Hamilton Township Police Department, Harveysburg Police Department, Lebanon Police Department, Loveland Police Department, Mason Police Department, Monroe Police Department, Ohio Bureau of Criminal Investigation (BCI), Springboro Police Department, Waynesville Police Department and the Wilmington Police Department.

The Policy Board provides ongoing input and oversight regarding all Drug Task Force operations. It also establishes the policies under which our Drug Task Force operates. The Drug Task Force Commander reports directly to the Policy Board, and ensures the board remains fully briefed on all Drug Task Force activities during monthly Policy Board meetings.

## DRUG TASK FORCE PERSONNEL

The Warren County Drug Task Force could not operate without the dedicated men and women assigned to our unit. During 2023 our staff consisted of **17** law enforcement and support personnel provided by the Warren County Sheriff's Office, Warren County Prosecutor's Office, Springboro Police Department, Lebanon Police Department, Franklin Police Department, Wilmington Police Department, Monroe Police Department, Hamilton Township Police Department, Federal Bureau of Investigation (FBI), Ohio Bureau of Criminal Investigation (BCI), Ohio State Highway Patrol (OSP) and the Ohio National Guard Counter Drug Unit.

We are fortunate to have such a diverse and talented team of law enforcement professionals working to reduce the supply of illegal drugs in our jurisdiction. These dedicated men and women are committed to improving the quality of life in our communities and are proud to serve the citizens of Warren County and the City of Wilmington in Clinton County.

We would like to thank the above agencies for their continued support, and for providing these specially trained, dedicated and professional individuals.

## DRUG TASK FORCE FUNDING

Most personnel assigned to the Drug Task Force are fully funded by their home agencies. Because of the unique structure of our unit, some personnel as well as all operating expenses are funded by other means, such as grants and governmental entity contributions. The long-term sustainability of our task force

remains challenging, however the commitment from our local communities and the Warren County Commissioners remain strong. Annual contributions are requested based upon one-dollar per resident, using the most recent Census numbers. Without these additional funds, our Drug Task Force would be unable to safely and effectively operate. Additional funding sources for the Drug Task Force include the Ohio HIDTA program, the Justice Assistance Grant (JAG), the Drug Law Enforcement Grant (DLE), the Recovery Ohio Law Enforcement Fund, as well as annual contributions from the Warren County Commissioners.

As a result of inconsistent funding sources, we continue to ask each of our community partners to consider increasing their contribution toward our overall funding. We remain thankful to each jurisdiction for their financial contribution each year, and for this continued partnership. The ongoing assignment of full-time personnel coupled with the financial contributions from each of our communities send a clear message of commitment to the mission of the Warren County Drug Task Force. During 2023, we received financial contributions from the entities listed below. Those who made an increased contribution, exceeding the one-dollar per resident request, or who provide a full-time detective plus a financial contribution are recognized in **bold**.

## CRIMINAL INVESTIGATIONS

The Warren County Drug Task Force remains the only unit within our jurisdiction conducting specialized drug investigations on a full-time basis. Our investigations continue to target all levels of drug trafficking with an emphasis on felony crimes, from the lowest level felonies to long-term federal conspiracy cases. The drug trafficking activities occurring in our jurisdiction remain much different than the open-air trafficking common in larger metropolitan areas. These factors contribute to the difficulty and length of time of our investigations. Consistent with past years, many cases that began in 2023 will continue into 2024 and beyond.

Drug trends during 2023 remained consistent with the past several years as methamphetamine and fentanyl continue to be the most significant drug threats in our jurisdiction. Our investigations continue to identify Mexico as a primary source of supply for the methamphetamine, fentanyl and most drugs seized in our area. Drugs arriving from the southwest border and various west coast states continue to flow through the Cincinnati and Dayton areas and remain readily available for use by our addicted population. December 2023 seizure data, as reported by the Ohio Department of Public Safety, indicate Warren County as the **7<sup>th</sup>** highest county in the State of Ohio for methamphetamine seizures (35+ pounds,) **10<sup>th</sup>** highest for fentanyl seizures (6 pounds,) and **9<sup>th</sup>** highest for cocaine seizures (18.5 pounds.)

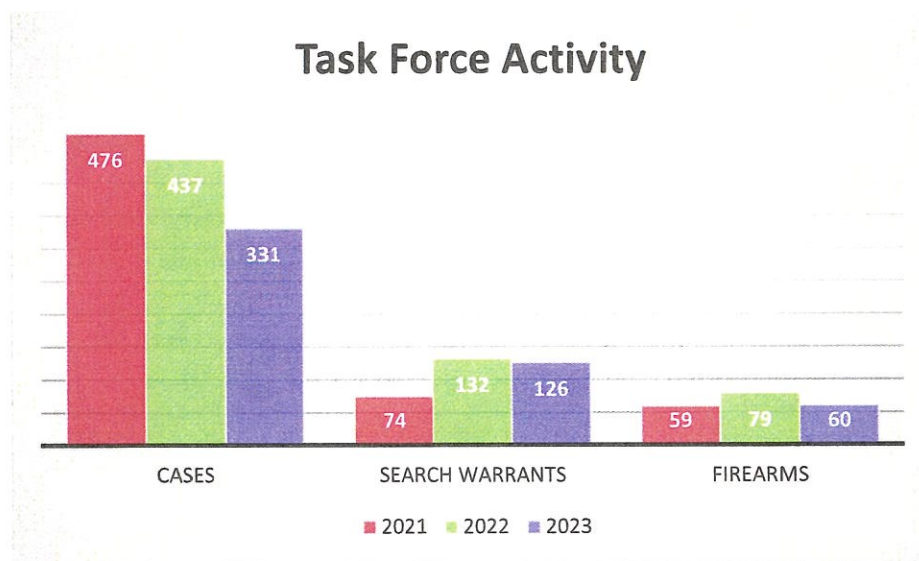

The investigation of prescription drug diversion crimes remain a priority for the Drug Task Force. During 2023, Warren County ranked **3<sup>rd</sup>** in the State of Ohio for the highest number of prescription drug seizures.

Prescription drugs remain common drugs of abuse for many, especially those employed within the medical profession with increased accessibility to prescription drugs. This specialized area of investigation directly impacts the continued addiction crisis involving prescription opiates. The Warren County Drug Task Force remains one of the few Drug Task Forces in the State of Ohio providing a full-time investigative focus to drug diversion crimes.

As specific drug threats change, our commitment to target drug trafficking activities is unwavering. The investigation of drug trafficking offenses remain challenging as drug traffickers continue to evolve and learn many of the covert tactics commonly utilized by law enforcement. The ongoing specialized enforcement efforts of the Warren County Drug Task Force are critical as drug traffickers' prey upon our addicted population, and directly impact the quality of life in our communities.

During 2023, the investigative activity of our staff resulted in **331** new cases. These investigations resulted in **114** felony arrests, **125** search warrants, **58** firearms seized, and **1,673** traffic stops.

## PRESCRIPTION DRUG TAKE-BACK

The Warren County Drug Task Force continues to collaborate with the United States Drug Enforcement Administration (DEA) to encourage all citizens to properly dispose of unwanted prescription medications. The correlation between prescription drug abuse and heroin/fentanyl abuse remain obvious, as many people who abuse these drugs report prior misuse of prescription pain medications.

The Warren County Drug Task Force and many local law enforcement agencies participated in two national drug take-back events during 2023. Many jurisdictions throughout Warren County offer 24/7

access to drug take-back boxes allowing citizens to dispose of prescription medication throughout the year at their convenience. To find the closest drug drop box please visit [www.rxdrugdropbox.org](http://www.rxdrugdropbox.org)

## EDUCATION & PREVENTION

We continue to support and participate in drug education & prevention efforts throughout our combined jurisdictions. The Drug Task Force recognizes that drug education for our community, especially for our youth, must remain a priority. We are committed to this ongoing process of stopping addiction before it starts, and realize that aggressive enforcement efforts alone remain insufficient.

The Warren County Drug Task Force continues to collaborate with the Substance Abuse Prevention Coalition of Warren County, and all DARE programs throughout the county. This ongoing collaboration resulted in 116 education and prevention events reaching approximately 29,241 attendees to include students, teachers, parents and other members of our community.

## THANK YOU!

The Warren County Drug Task Force recognizes that in order to be truly successful in our endeavors, the support and assistance of the general public, our local governmental entities and the Warren County Commissioners is essential. We thank you for your continued support and look forward to serving you in 2024.

Please continue to report drug tips to the Drug Task Force or to your local law enforcement agency. No one can identify suspicious activity in our neighborhoods better than those who live there.
